

The Cadbury Squash Tournament took place at Riverside Gloucester during the 6-8th March 2010. The event, which has been kindly sponsored by Anne Cadbury for many years, excludes the top five County boys and girls in each age group. For many of the younger children this is their first tournament outside their own club, so to help calm nerves each player was presented with a tube of Cadbury's Easter egg upon arrival. With a large entry of over 80 children in 10 different categories almost every child played at least three matches. You could see the younger children grow in confidence with each match giving them plenty of experience and many close encounters.

Gloucestershire is a leading county in the country at junior squash with five teams qualified for the Inter County Championships later in March, where, as holders of the boys under 19 and under 17 titles it is hoped that we will retain these and add to the tally. All of these county players started their squash at the Cadbury Tournament, and it was good to see the standard this year ranging from eager beginners to extremely talented county B squad members with some excellent squash being played particularly by the older boys, who would definitely be first team players in most other counties. The results of the finals, playing the best of five games, are as follows:

Boys Under 9 Boys U9 Plate	Jack Bloomfield bt Joe Turner Robbie Hardwick bt Sam Anderson	13/11 11/2 11/4 3-0
